THE UNION HALL.

After two years agitation we are glad to be able to feel that what has long been wanted for our town is in a fair way to be provided. The location is to be on the plat of land between New Hampshire and Alabama Avenues and Owen and Central Sts., and in a very suitable location.

Besides the main hall for public meetings, entertainments, etc., accommodation will be provided for the Regents of the White Shield, G. A. R., and any other societies that may be established here.

We want everyone who can to take hold and help in the erection of the hall as an evidence of enterprise. To our friends in distant places we say give us a lift to get our hall, the need of which is so pressing and urgent. The trustees selected guarantee proper management and it will be operated and maintained for the benefit of Sequachee and the interests and enjoyment of the people of the town. Public spiritedness in a community always pays. Now let everybody take hold and the work is done.

The great want of this age is men; men who are not for sale; men who are honest, sound from center to circumference, true to their heart's core, men who will condemn wrong in friend or foe; in themselves as well as others; men whose consciences are as steady as the needle to the pole; men who will stand for the right if the heavens totter and the earth reels; men who can look the devil right in the eye; men that neither brag nor run; men that neither swagger nor flinch; men who can have courage without shouting to bring it; men in whom the everlasting current of life runs deep and strong; men who know their duty and do it; men who know their places and fill them; men who will not lie; men who are not too lazy to work and too proud to be poor; men who are willing to eat what they have earned and to wear what they have paid for.—Sweetwater Telephone.

The Cumberland plateau in Marion County has an ideal soil for many kinds of fruits and vegetables and the lands now almost worthless there could be made the most valuable in the county if they were more accessible. The county should keep in good order a road of easy grade to the top of the mountain from each station on the railroad. It will pay in developing a really valuable portion of the county and would cause the settlement of many desirable, thrifty people on the plateau. Sequachee is setting a good example in this line, where a road is being built by private enterprise—South Pittsburg Republican.

The property owners at Sequachee have commenced the construction of the mountain road to open up their plateau lands for settlement. Failing to get any aid from the county they have undertaken the work at their own expense.—South Pittsburg Republican.

The Republican is rather premature in saying that the people of Sequachee have commenced the mountain road. The road has not been commenced yet, but it will be. It will be of great advantage to this place, and when it is completed there can be no excuse why our mountain lands should not be settled.

Is especially true of Hood's Pills, for no medicine ever contained so great curative power in so small space. They are a whole medicine.

Hood's Pills

chest, always ready, always efficient, always satisfactory; prevent a cold or fever, cure all liver, bile, sick headache, jaundice, constipation, etc. etc. The only Pills to take with Hood's Sarsaparilla.

TOO TRUE.

There is a good deal of philosophy in the following: Drink and the gang drinks with you; swear off and you go it alone; for the bar room bum who drinks your rum has a quenchless thirst to his own. Feast and your friends are many; fast and they cut you dead; they'll not get mad if you treat them bad so long as their stomach is fed. Steal, if you get a million, for then you can get bail; it's the great big thief that gets out on leave, while the little ones go to jail.—Sweetwater Telephone.

Bill Nye Advertises.

"Owing to ill health, I will sell at my residence in township 19, range 18, according to government survey, one plump raspberry colored cow, aged eight years. She is a good milkier and is not afraid of the cars or anything else. She is of undoubted courage and gives milk frequently. To a man who does not fear death in any form she would be a great boon. She is very much attached to her house at present by means of a stay chain, but she will be sold to anyone who will agree to use her right. She is one-fourth short horn and three-fourths layena. I will also throw in a double-barrelled shotgun which goes with her. In May she generally goes away for a week or two and returns with a tall, red calf with wobbly legs. Her name is Rosie. I would rather sell her to a non-resident."

Three Doctors In Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best to be chosen in the second place, what reason (i. e. Theory) says is best to be chosen in the last place. But if you can get Dr. Incination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Incination would recommend Chamberlain's Cough Remedy because it is safe and pleasant to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by J. L. Schultz.

A Union Hall.

A meeting was held Thursday evening and an association formed to erect a Union Hall for Sequachee, which we hope can be made available by Christmas. Mr. G. Sherman was elected President and William C. Hill, Secretary and Treasurer. The management and construction of the building is to be vested in the following Board of Trustees: G. Sherman, W. C. Hill, Henry Kont, L. W. Gabel, M. C. Campbell, J. G. Lankester and Thomas H. Hill.

Big Sum for a Bible.

The sum of \$400 has been offered for the "breaches Bible" found in Stamford, Conn., recently. It is dated 1808, and makes use of the word "breaches" instead of "aprons" in the passage Genesis 11, 7, where the statement is made that Adam and Eve "sewed fig leaves together and made themselves breeches."

Concerning Post Pearson.

It has never been our fortune to meet Mr. Clarence Pearson, of Sequachee, but his occasional contributions to the little paper of that burg evince more than ordinary literary talent. We are glad that he is an invalid—almost a physical wreck—yet his mental powers show a wonderful vitality and a most thorough course of training. His genius and talent deserve a wider field.—Jasper Democrat.

The above well illustrates the truth of the old proverb: "A prophet is not without honor save in his own country." Here is a man whose literary work attracted the attention of the critics more than a decade ago, and yet the editor of the paper in the next town does not know that he has ever written for anything but the local press. Mr. Pearson is the author of a successful book of poems the first edition of which is nearly exhausted, and his contributions have appeared in such publications as Lippincott's, Belford's, Leslie's, The Democrat, Free Press, Harper's Weekly, Pacific, Judge, Life, The New York and Boston Sunday papers and many others equally well known. His poem, "The Christmas Stocking," which appeared nearly two years ago in The Ladies Home Journal was undoubtedly the most widely copied Christmas poem of the year, and some of his dialect pieces have been republished by papers in nearly every state in the Union. Yes, Brother Haven, although "the little paper" published in this burg has the largest circulation of any paper in the Valley, our townsmen's productions have had even a wider field.
